Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Monday 25 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright spells, blustery showers, most frequent in west this morning.

Today:
A bright day with sunny intervals and showers. Showers will be most frequent and heavier over northwest Highlands this morning, becoming fewer, lighter this afternoon. Fresh to strong southwesterly winds gradually easing. Maximum temperature 12 deg C (54 deg F).

Tonight:
Clear intervals and still some showers at first. It will become cloudy with rain spreading from the west later tonight, reaching most places by morning. Strengthening southerly winds. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Cloudy with further rain. The rain will be most persistent and heaviest over the west Highlands with drier interludes developing in east. A mild day with strong southwesterly winds. Maximum temperature 15 deg C (59 deg F).

Outlook for Wednesday to Friday:
A bright and showery few days. Some of the showers will be heavy and prolonged at times, especially in Northwest. Southwest winds will be strong at times.
